

COOKIE & CAKE

COMBINING AMERICAN COOKIES AND DANISH BAKING TRADITIONS

We began baking classic American cookies in response to our customers' requests for us to make their cakes. However, since bagels consumed most of our time, we asked friends to produce the cookies, following our recipes and maintaining our high-quality standards. We use lots of butter and Belgian chocolate with 70% cocoa, which helps to give both brownies and cookies that cool and juicy taste with a long aftertaste. Please warm the cakes slightly before serving to elevate the experience!

Like all other bread from Miss Bagel, our cookies are made in Denmark with pure ingredients without preservatives or additives. Cookies are supplied as raw dough, single-pack or cut cookies. To preserve freshness, they are delivered frozen, so that they can be enjoyed "from bakery to table" and at the same time reduce food waste.
